

Partner list

This overview, which is synced regularly with the latest available data, gives you more information about our current partners. It does not include partners who have repaid or whose funding is not yet disbursed and partners with serious repayment delays.

Partners in development

Oikocredit is a social impact investor and worldwide cooperative. We have over four decades of experience in leading positive change through investments in financial inclusion, agriculture and renewable energy.

Guided by the principle of empowering low-income people to improve their quality of life, Oikocredit supports partners through loans, investments and capacity building.

We refer to the organisations we invest in as partners.

This overview provides the names of current Oikocredit partners, organised by region and country. Their characteristics are marked as per the legend below.

The listed amounts have been disbursed or approved for disbursement.

Sector

Financial inclusion

The provision of financial services. An example of this is a credit cooperative that provides loans to its members.

Agriculture

The farming of plants, animals and other consumables and/or the processing of these products.

Renewable energy

Sources of power that are naturally replenished. For example, solar power.

Other

Partners that do not fall into one of Oikocredit's focus sectors.

Type

Fair trade

Trade in products that have been certified and carry a fair trade label. An example of this is a farmer's cooperative that collectively sells its cocoa to a fair trade organisation.

Green

Promotes and/or supports the protection of the environment. An example of this is an organic farming cooperative.

Equity investment

Partners in which Oikocredit has taken an equity investment.
